IDEAS FOR EXCELLENCE

WELCOME

... to the PiCOWORLD 2016.

For those of us at PiCOWORLD, a promotional gift is more than a useful object which can be branded with a logo or slogan. It has to be unique!

An advertising item is the perfect medium to get sympathy points by a small gesture of giving. With our PiCOWORLD products you can either strengthen your customer relations or acquire new customers. A personal present expresses appreciation and solidarity, which is sometimes difficult to express in words.

For that reason, we are never satisfied with simple everyday objects in our search for new ideas. The result: carefully selected products that are characterized by individuality. High-quality innovations at good prices!

In order to do justice to the high demands we place on PiCOWORLD products, we have no limits on creativity – ours or yours! We make custom-made designs available to you at any time. Just tell us what your desired item should look like and we will take care of it.

First-class service is just as important to us as first-class promotional gifts. Just take a look at our picoservice tips regarding your order.

Dive in to our PiCOWORLD 2016 and let us surprise you.

„Enjoy!“

IDEAS FOR EXCELLENCE

Write away For all indescribable moments!

In the age of e-mails and WhatsApp a hand written letter is a bit out of fashion. Nevertheless, nothing is more enjoyable than closing a successful contract with own handwritten signature. Whether it is a ballpoint pen, a fountain pen, or a rollerball pen - it can tell you a lot about its owner. In a critical moment, you should therefore choose a writing instrument that you can rely on.

We pay great attention to create sparkling personality for our picopens, so you and your customers could stand out while leaving a mark. Let yourself be charmed by our complimentary pens!

Brilliant performance Shown in the best light!

Let it shine. Our LED lights do not only look good, in terms of light output they are really small power packs. Reading light, solar lantern or flashlight ensure optimum illumination, wherever it is needed. The LEDs make it possible. In contrast to the light bulbs they are also much less sensitive to vibrations.

We from PiCOWORLD are specialised in bringing good things to light. You and your clients will be absolutely thrilled by the multifunctional picolux ideas!
